After that, we received a number of messages claiming that our post was executed and that someone had taken it seriously.

Let this serve as a reminder to us all how important reading comprehension is.

It's April Fool's Day. Never trust anything or anyone. The same as any other day.

Once more, Taragis Takoyaki is not accountable for the events that occurred.

Thank you!

Rubio renews criticism of NATO

We have more from the US Secretary of State's interview with Fox News.

Rubio repeated his warning that the US "is going to have to reexamine" its relationship with NATO once the war against Iran ends.

"I think there's no doubt, unfortunately, after this conflict is concluded, we are going to have to reexamine that relationship. We're going to have to reexamine the value of NATO in that alliance for our country," Rubio said.

"Ultimately" it would be a decision for President Trump to make, he added.

Rubio's comments came as Trump continues to denounce NATO partners for refusing to join the US and Israel's war on Iran.

You'll have to start learning how to fight for yourself, the U.S.A. won't be there to help you anymore, just like you weren't there for us. Iran has been, essentially, decimated. PUWEDE KA BANG GUMANAP NA HUDAS?

Pinasaringan ni dating COA/Comelec Commissioner Atty. Rowena Guanzon si Pangulong Bongbong Marcos Jr. na gumanap daw na "Hudas" kasabay ng paggunita ng Semana Santa.

“Bongbong Marcos, pwede ka bang gumanap na hudas sa senakulo?”

Iniuugnay ng ilang netizens ang pahayag ni Atty. Guanzon sa karakter ni Judas Iscariote na isa sa orihinal na labindalawang apostol ni Hesukristo, na kilalang-kilala sa pagtataksil sa kanya sa Sanhedrin sa Hardin ng Getsemani kapalit ng 30 pirasong pilak.

Ang tradisyunal na Station of the Cross (Daan ng Krus) ay binubuo ng 14 istasyon na nagpapakita ng mga huling sandali ng buhay ni Hesus, mula sa kanyang paghatol hanggang sa paglilibing.

GUANZON MAY TIRADA KAY PBBM

Former COMELEC commissioner Rowena Guanzon drew attention online after issuing a sharp remark directed at President Ferdinand Marcos Jr., invoking a reference to traditional Holy Week performances.

"Bongbong Marcos, pwede ka bang gumanap na hudas sa senakulo?" Guanzon said in a social media post, drawing mixed reactions from netizens.

The comment, which alludes to the biblical figure Judas often portrayed in senakulo plays, comes amid ongoing po... See more

On this Holy Wednesday, we pause and reflect on the solemn reminder of betrayal and sacrifice in the life of Jesus Christ.

This day invites us to look within ourselves, our choices, our loyalty, and our faith. May we be reminded to remain true, not only in words but in actions. In a world filled with challenges and temptations, let us choose integrity over betrayal, faith over doubt, and love over selfishness.

As we continue this Holy Week journey, may our hearts be guided ... See more

Posibleng ibasura ng Korte Suprema ang petisyong inihain ng ilang abogadong kaalyado ni Vice President Sara Duterte na humihiling na ipatigil ang impeachment proceedings ng Kamara laban sa bise presidente.

Paliwanag sa DZMM ng independent policy analyst at constitutionalist na si Atty. Michael Henry Yusingco, may iregularidad sa petisyon dahil sinasabing hindi nila kinakatawan ang pangalawang pangulo.

Duda rin si Yusingco sa pahayag ni Duterte na hindi siya nakonsulta nang... See more

Holy Wednesday Prayer
INRI
Lord Jesus Christ,
on this Holy Wednesday,
I remember the sorrow of Your betrayal
and the weight of human sin upon Your heart.
Guard me, Lord, from all forms of unfaithfulness.
Keep me from betraying You in my thoughts,
my words, or my actions.
Give me a sincere and faithful heart,
that I may love You above all things
and remain steadfast in times of temptation.
When I am weak, strengthen me.
When I am tempted, guide me.
When I fall, lift me up with Your mercy.
Help me to choose You each day
and to walk with You on the path of the Cross,
trusting in Your love and salvation.
Amen.

Blessed is He who comes in the name of the Lord.
Happy Palm Sunday!

As we begin this sacred journey of Holy Week, may our hearts be filled with faith, humility, and gratitude. May we walk with Christ in His passion, reflect on His sacrifice, and prepare ourselves for the joy of His resurrection.

Let this week be a time of prayer, forgiveness, and renewal.

Prayer to Our Lady of Sorrows
O Blessed Virgin Mary,
Mother of Sorrows,
I come before you with a humble heart.
You who stood beneath the Cross of your Son,
sharing in His suffering with perfect love,
teach me to unite my own sorrows with yours.
Comfort me in my pain,
strengthen me in my trials,
and help me to trust in God's will
even when the path is difficult.
O sorrowful Mother,
intercede for me before your Son,
that I may receive the grace to persevere
in faith, hope, and love.
Help me to carry my crosses patiently
and to offer them for the salvation of souls.
Stay with me in my struggles,
and lead me always closer to Jesus,
who is my hope and my salvation.
Amen. ✝🙏

"I AM NOT A TOOL":
Alex Eala Stuns Risa Hontiveros with Bold Neutrality!
In a move that has sent shockwaves through the political and sporting worlds, Alex Eala has officially drawn a line in the sand. When asked by Senator Risa Hontiveros to endorse and use her image for LGBT advocacy at upcoming international tournaments, the tennis star reportedly gave an unapologetic refusal.
Alex's stance was "steady and piercing": "I am an athlete, not a tool for your political agenda." She stressed that her professional role on the court must remain separate from political issues, regardless of the cause. Before a reaction could be formed, she delivered a 15-second statement that ended the matter with surgical precision.
A champion's focus is her greatest weapon. Alex Eala just proved she is the master of her own brand.

'WE'LL BE LEAVING VERY SOON'

Posibleng tapusin ng U.S. ang military campaign nito laban sa Iran sa loob ng dalawa hanggang tatlong linggo, ayon kay U.S. Pres. Donald Trump.

Paglilinaw niya, isa lang ang kaniyang hangarin: ang mawalan ng kakayahang makagawa ng nuclear weapon ang Iran.

"When we feel that they are for a long period of time put into the stone ages and they won't be able to come up with a nuclear weapon, then we'll leave whether we have a deal," pahayag ni Trump. | via Reuters

A RESOLUTION DECLARING THE MUNICIPALITY OF NEW LUCENA, PROVINCE OF ILOILO UNDER A STATE OF CALAMITY DUE TO THE ADVERSE EFFECTS OF THE FUEL CRISIS AFFECTING TRANSPORTATION, BUSINESS OPERATIONS, AND CONSUMERS

Whereas, the Municipality of New Lucena is currently experiencing the adverse effects of a fuel crisis characterized by continuous increases in fuel prices and unstable supply;

Whereas, the escalating cost of fuel has significantly affected the transportation sector, resulting in increased fare rates, reduced mobility, and financial strain among public utility drivers and commuters;

Whereas, local businesses, particularly those dependent on transportation and logistics, have been adversely affected by rising operational costs, leading to increased prices of goods and services;

Whereas, the general consuming public has been burdened by higher commodity prices, reduced purchasing power, and economic hardship brought about by the fuel crisis;

Whereas, the situation has disrupted economic stability and the delivery of basic services within the Municipality of New Lucena;

Whereas,the Municipal Disaster Risk Reduction and Management Council (MDRRMC) has assessed the situation and recommended to the Sangguniang Bayan the declaration of a State of Calamity due to the impacts of fuel crisis through MDRRMC Resolution No. 01 Series of 2026;

Whereas, upon evaluation, the Sanggunian finds it proper, reasonable and justifiable to grant the recommendation of the MDRRMC to declare the Municipality of New Lucena under the State of Calamity;

Resolved further, that the declaration of a State of Calamity shall authorize the utilization of the Municipal Disaster Risk Reduction and Management Fund (MDRRMF) for immediate relief and mitigation measures in accordance with existing laws, rules, and regulations and that all concerned offices are hereby directed to implement necessary measures to alleviate the impact of the fuel crisis on affected sectors.

Resolved finally, to furnish copies of this Resolution to the Office of the Municipal Mayor, Office of the Governor of Iloilo, concerned national government agencies, and other relevant offices for their information and appropriate action.

Back when Iain was only 7 years old, he was cast as Ziggy Chapman. Before filming even began, he had a FaceTime call with Shailene to ask what Hollywood would be like.

Her advice? "It will be fun, like playing."

That one conversation—and the joy they shared on set with the late Jean-Marc Vallée—is the reason Iain fell in love with acting and stayed with it.

Fast forward to 2026, and Iain is in the audience, beaming with pride for his "fake mom."

"I hope Shailene knows how proud I am to be her fake son!" Iain shared after the show. 🥹

It's a beautiful reminder that the families we build on screen often become the ones that shape our future.

Today is Holy Wednesday, also known as Spy Wednesday.

It serves as a somber reminder of the moment Judas Iscariot conspired to betray Jesus for thirty pieces of silver. As we continue through Holy Week, let us reflect on our own faithfulness and pray for a heart that remains steadfast in love and devotion to Christ.

Nagsimula na ang Semana Santa pero kinukumpleto mo pa rin ba ang iyong Visita Iglesia list ngayong taon?

Maaari mong isama sa iyong listahan ang Santo Niño Basilica, na kilala rin bilang Basilica Minore del Sto. Niño de Cebu sa Cebu City.

Basahin ang ilang makabuluhang impormasyon tungkol sa Minor Basilica na ito.

† The Minore del Sto. Niño de Cebu in Cebu City was founded on April 28, 1565 and is dedicated to Señor Santo Niño de Cebu (Holy Child Jesus).
† The first wooden church was built in 1566 but was destroyed by fire.
† The foundation of the present church was laid on February 29, 1735, and it was blessed with the Santo Niño image placed on the altar on January 16, 1740.
† The church was elevated to the rank of Minor Basilica by Pope Paul VI in April 1965 and declared a national shrine by former President Ferdinand Marcos Sr. because of its historical significance.

Evening Prayer
Dear God,
I'm thankful for today.
It wasn't perfect, but it was enough because You were with me.
You helped me handle things I thought were too much.
You gave me strength and kept me going.
I'm grateful I reached this moment.
As I sleep, I trust You with everything.
Amen.

Today is the day we remember Judas betraying the Lord.

Ask the Lord for forgiveness for all your sins!

Father, in your plan of salvation your Son Jesus Christ accepted the cross and freed us from the power of the enemy. May we come to share the glory of his resurrection, for he lives and reigns with you and the Holy Spirit, one God, for ever and ever. Amen.

US President Donald Trump is reportedly considering pulling the US out of NATO, in the latest threat to America's allies after their reluctance to help reopen the Strait of Hormuz.

In an interview with The Telegraph newspaper, the president described the 77-year-old defensive alliance as a "paper tiger" and, when asked if he would reconsider the US.' membership of the bloc after the Iran conflict ends, Trump told the paper: "Oh yes, I would say [it's] beyond reconsideration."

US President Donald Trump said he is considering pulling the United States out of NATO, calling the alliance a “paper tiger” and citing frustration with allies over the Iran conflict.

“I am strongly considering” leaving NATO, Trump said in an interview with the Telegraph, adding the move was “beyond reconsideration.”

“I was never swayed by NATO. I always knew they were a paper tiger,” he said.

More than half a century after the final Apollo lunar mission, four astronauts are officially on their way toward the moon once again.

The astronauts lifted off from Florida's Kennedy Space Center for a 10-day journey that will take them beyond the moon's far side. Their trajectory could take them farther from Earth than any humans have traveled before.

Maundy Thursday:
The King Who Served
On the night of the Last Supper, Jesus showed His love by serving His disciples and even washing their feet. He reminded us that real love is humble, kind, and willing to serve.
Today, we are invited to receive that same love and let it shape the way we live. No matter how heavy life feels, Jesus meets us with grace, love, and peace.

From today's featured article

The **pied butcherbird** (*Cracticus nigrogularis*) is a songbird native to Australia. Described by John Gould in 1837, it is 28 to 32 cm (11 to 12.5 in) long. It has a pale hooked bill and a black head, throat and mantle. Much of the tail and wings is also black, and the neck, underparts and outer wing feathers are white. The juvenile and immature birds are predominantly brown and white. There are two recognised subspecies. Within its large range, the pied butcherbird is generally non-migratory. Common in woodlands and in urban environments, it is carnivorous, eating insects and small vertebrates, including birds. A tame and inquisitive bird, the pied butcherbird has been known to accept food from humans. It nests in trees, constructing a cup-shaped structure out of sticks and laying two to five eggs. Some mated pairs benefit from cooperative breeding, in which other birds help feed the young and defend the nest. ***(Full article...)***

PAHUWAY ANAY

Maayong aga sa tanan!

Holy Week is a time to slow down, reflect, and remember Christ's love and sacrifice.

As we step back from everyday stress, I hope everyone finds time for quiet, prayer, and meaningful moments with family.

Halong sa biyahe, mga kasimanwa.

Rubio says Trump's 'powerful speech' made US objectives clear
US Secretary of State Marco Rubio has said that Trump's "powerful speech" was "clear about our objectives in Iran".

In a post on X, Rubio listed those objectives as:

destroy their weapons factories
destroy their navy
destroy their air force
destroy their chances of ever having a nuclear weapon
"The President's leadership sends a message to the world that the United States will defend its people and its interests, and uphold peace through strength," Rubio added.

"I AM NOT A TOOL":
Alex Eala Stuns Risa Hontiveros with Bold Neutrality!

In a move that has sent shockwaves through the political and sporting worlds, Alex Eala has officially drawn a line in the sand. When asked by Senator Risa Hontiveros to endorse and use her image for LGBT advocacy at upcoming international tournaments, the tennis star reportedly gave an unapologetic refusal.

Alex's stance was "steady and piercing": "I am an athlete, not a tool for your political agenda." She stressed that her professional role on the court must remain separate from political issues, regardless of the cause. Before a reaction could be formed, she delivered a 15-second statement that ended the matter with surgical precision.

A champion's focus is her greatest weapon. Alex Eala just proved she is the master of her own brand.

RESPECT THE GAME. RESPECT THE BOUNDARY.

We're heading back to the Moon! 🚀

Artemis II has launched, sending humans on a 10-day journey around the Moon—farthest anyone has ever gone. From Apollo 11 to today, a new era of space exploration begins.

And in a fun twist, Dr. Stone's final season "Moon Mission Arc" also kicks off today... chasing the same goal. 🌍

The Secret Silhouette Hidden in the Rio 2016 Logo.

Brazilian designer Fred Gelli, founder of Tátil Design, captured the soul of Rio in the 2016 Olympic logo. Conceived while Gelli was swimming at Ipanema Beach, the emblem features three fluid figures joined in a "warm embrace." Beyond simple unity, the design contains a hidden silhouette of Sugarloaf Mountain within the negative space between the figures. As the first 3D logo in Olympic history, it reflects Brazil's "contagi... See more

A CHALLENGE TO ARTIFICIAL INTELLIGENCE FAKERY

The question is no longer whether fake content exists—it clearly does—but whether platforms like ChatGPT and other AI generators are finally ready to take responsibility for the scale at which they can produce it.

Take the recent case involving Filipina tennis sensation Alex Eala and Senator Risa Hontiveros. A supposed "response" from Eala circulated online, quickly gaining traction among political circles and social media echo ... See more

#SciFeature POPES WITH STEM ROOTS

When Pope Francis was elected in 2013, many dubbed him the "scientist pope," owing to his background in chemistry and his work as a chemical technician before entering the priesthood. Continuing this uncommon legacy, his successor, Pope Leo XIV, also brings a STEM foundation to the papacy, having been trained as a mathematician.

While many popes traditionally began their journeys in canon law and theology, a notable few first walked paths ... See more

Holy Thursday remembers the Last Supper of Jesus Christ with his disciples, where he shared bread and wine, symbolizing his body and blood.

On this day, Jesus also washed his disciples feet, teaching humility, love, and service to others.

The word “Maundy” comes from the Latin mandatum, meaning “commandment,” referring to his instruction: love one another as I have loved you.

The table wasn't set for the perfect; it was set for the invited. Maundy Thursday reminds us that even when we are inconsistent, His grace remains constant. He knew the betrayal, the denial, and the doubt—and He still shared the bread. 🕊️✨

An fyi
The Artemis DOES NOT have enough fuel to enter a low lunar orbit like Apollo. They could enter a high orbit.

To do a lunar landing they will have to send up the lander and then several launches to fill it with fuel (I mean maybe over 12 TRIPS to fuel it) then it will launch to the moon where Orion will dock with it in a high lunar orbit.

Astronauts will then use the lander to go to the surface and come back to Orion. The Orion has moon lander may be in lunar orbit for 100 days before astronauts arrive. The hls or human landing system is being developed by more than one company from what I understand.

This seems very complicated to me.
All of this is coming in the next 5 years. I'm not thinking humans will be walking on the moon before 2031. Even that seems soon to me, but some space experts may know better.
